

Abhilash Patil

Phone: 9766284778 | Email: abhilashmpatil18@gmail.com |
Address: Hno.154 Zeri galli, Angol, Belgaum, Karnataka

Career Objective

I am looking for position in the GIS and remote sensing or related sector that will provide challenging projects and opportunities for further career development. Willing to work in a challenging position and contribute to the institution or Organization where I can utilize my Knowledge.

EDUCATION

Institute of Environment Education and Research, Bharati Vidyapeeth Deemed University, Pune

MSc Geoinformatics 2015-2017

- GIS, Remote Sensing, Urban Planning, Climate Change, Environmental Modeling, Application of Geospatial Technology, Programming in GIS, Web GIS, Advanced Remote Sensing and GIS

Parvatibai Chowgule College of Arts and Science, Margao, Goa

PG Diploma Geoinformatics 2014-2015

- Related with Basics of Cartography and Photogrammetry, Spatial Analysis and Modeling, GIS for Environment Management, Advanced Remote Sensing and GIS

Rani Parvathi Devi College Arts and Commerce, Belagavi, Karnataka

- Bachelor Degree in Arts, Geography, Economics, Computer Application 2011-2014

EXPERIENCE

Center for Intergrated Socio-Economic Development and Environment Research Pune

1st September 2020-1st September 2023

GIS based Master plan for Bagalkote, Badami city AMRUT Mission project 2 years' experience (GIS Analyst)

Tasks: Existing Base Map Preparation, Survey, Georeference, Land use Land cover, ArcGIS

Genesys International Corporation LTD

Mumbai 20th June 2018-20th July 2020

Falcon project Apple Maps Navigation Maps Utility Project (GIS Executive) 2 years' experience

Tasks: Land use Land cover ArcGIS, QGIS, Fusion X, Auto CAD

Wildlife Institute of India

Dehradun, Uttarkhand 13th March – August 2017

Research Topic: Understanding spatial distribution of swamp deer in the upper gangetic plains through a species distribution model 6 months experience (GIS Expert)

Data Preparation

Pilot survey of swamp deer, Sentinel 2a data, layer stack, mosaic, Subset, supervised classification, Accuracy assessment, Land use land cover map, ERDAS, ArcGIS and Maxent model software

Infraplan Engineering Services

Kolhapur, Maharashtra 01th March – April 2015

Project: Consumer survey for the work of reforms to Mhaswad village water supply scheme and its integration with GIS base map of the village

Tasks: Pipe line survey

Project Research

Project title

Urban change detection using Remote Sensing and GIS techniques in Belgaum city, Karnataka, Institute of Environment Education and Research, BharatiVidyapeeth University, Pune

SKILLS

Key IT Skills: Arc Map, QGIS, Erdas Imagine SAGA, IDIRISI Microsoft Word, Microsoft Excel, Microsoft Power Point, Microsoft Access HTML, Python.

GIS and Remote Sensing

- Knowledge about GIS capabilities
- Excellent in GIS Technique by using ArcGIS, QGIS
- Excellent in Remote Sensing Technique by using ERDAS, SAGA, IDIRISI software
- Knowledge about data
- Knowledge of satellite image processing, classification and interpretation for analysis
- Advanced remote sensing, Digital image processing, Geodatabase management

Training/Participated

- Completed basic course on “Remote Sensing, Geographical Information System and Global Navigation Satellite System” conducted by Indian Institute of Remote Sensing (IIRS) (2014).
- Workshop on E-Waste management (2015).
- International workshop on “SMART CITIES: Mobility & Infrastructure in the 21st Century” (2016).
- Joint field work held at Periyar National Park, Kerala, India in (2016) Organized by Institute of Environment Education and Research, BharatiVidyapeeth University, Pune, and University of Cologne, Germany.

Activities

- Line transect studies in Mulshi forest area, Maharashtra state (2015)
- Quadrant studies and Blackbuck count in Rehkuri Blackbuck Sanctuary, Maharashtra (2015)
- Identification of birds during Field visits in Mulshi, Maharashtra (2015)
